

# MASK CARE CARDS

These are care card instructions to be given with your masks for those who have access to water to cleanse them.

Due to the many circumstances currently, I have been producing many different Mask Care Cards. These currently are best when donating to individuals who you know have access to hot water and detergents.

## MASK CARE

Wash your mask before wearing! Use hot water & detergent. Masks can be reworn. Do NOT microwave due to fire risk. ALWAYS wash hands after removing mask or accidentally touching outside. Remove by loops or fabric ties

## MASK CARE

Wash your mask before wearing! Use hot water & detergent. Masks can be reworn. Do NOT microwave due to fire risk. ALWAYS wash hands after removing mask or accidentally touching outside. Remove by loops or fabric ties

## MASK CARE

Wash your mask before wearing! Use hot water & detergent. Masks can be reworn. Do NOT microwave due to fire risk. ALWAYS wash hands after removing mask or accidentally touching outside. Remove by loops or fabric ties
